GERBILS

Gerbils are small furry creatures with dark eyes and long tails. They are originally from the wild, and live on a vegetarian diet. There are many different types of domestic gerbils: Albino, Dove, Ivory, Cinnamon and Mongolian. Gerbils are very playful and need a lot of toys to crawl through and climb on. Also, gerbils are rodents so they have to gnaw or their teeth will get ingrown. Gerbils are very lovable.

EDITOR'S NOTEBOOK

Dear Archie Readers,

Last month I told you about the TOP SECRET PROJECT "A". If you missed it, look ashamed. Anyway, Project "A" is a comic entitled "ARCHIE MEETS THE PUNISHER". Both MARVEL COMICS and ARCHIE COMICS are working together on the most bizarre team-up of the century. It's also becoming the most eagerly anticipated crossover of all time. There isn't much more I can tell you at this time (we're still keeping some stuff Top Secret), except that there will be 2 versions of the cover. The cover you see here is a standard comic book cover produced by Archie Comics. The Marvel vers on, not avai able at press time, will feature an enhanced die cut, foil-stamped, card stock cover. The interior of each book will be the same, but you'll want to collect them both.

So keep your eyes peeled at newsstands and comic shops around June 14 and get your copies of ARCHIE MEETS THE PUNISHER. There may not be any left by the 15th.

I KNEW THERE'D BE A CHAPERONE BUT THIS IS RIDICULOUS!
